HOPE'S ANGELS YOUNG PROFESSIONAL COMMITTEE

Young professionals have no shortage of talent and energy to give to HOPE South Florida (HSF).

They are committed to targeting and incorporating an important segment of the population bringing awareness for HSF among young, civic-minded professionals by promoting opportunities in fundraising and service delivery.

Please review the below committees and circle the title to indicate your interest:

Recruitment Committee:

HSF Young Professionals Recruitment Committee members are responsible for cultivating relationships with new members, stewarding them appropriately within the group based on their skills and interests, and reaching out to members who receive communications but are not active in the group.

Fundraising Committee:

The HOPE South Florida Young Professionals Fundraising Committee is responsible for coordinating all fundraising events, identifying new opportunities, and working with the treasurer to report on progress toward reaching goals as well as securing in-kind donations and sponsorships while identifying fundraising opportunities both large and small.

Volunteer Relations Committee:

This committee would work to develop a volunteer base that could be used and contacted by our agencies. This group will also set up monthly service days with our agencies for board members and/or volunteers to attend. The goal of this group is to continue to rebuild our report with our organization as well as our name with the community.

Social Committee:

The HOPE South Florida Young Professionals Social Committee is responsible for scheduling and organization all social activities, identifying opportunities to socialize with other nonprofit young professionals groups, increasing morale and promoting network-building.

Social Media/Marketing Committee:

The HOPE South Florida Young Professionals Social Media/Marketing Committee is responsible for promoting the mission of HOPE South Florida and the Young Professionals externally through new and traditional media, managing social media accounts, creating marketing materials for social and fundraising events, and documenting all events through photo and video.

Note: All Committee members will partake in the Quarterly Birthday Angels project helping fundraise, coordinate, plan and execute Birthday parties for our homeless children whose families we serve.
